the dismantled machinery from the Goering to a destination beyond the Urals.) Comment: The "Hermann Goering World Oberschlesische Hydrierwerke, which		the 50X1-HUM
rebuilt somewhere in the Urals.		50X1-HUM
In two forest clearings, one 15 kms. northeast southwest of Aropagansk, the Soviets have cons		
impression of airfields because of runways up	to 4 kms. in length.	50X1-HUM
these runways must be similar to frosted glass. Apparently they give	ve out heat, as in wir	
snow does not lie on them.		•
